

NOTICE OF A PUBLIC COMMENT PERIOD ON
THE DRAFT REMOVAL ACTION WORKPLAN
FOR SOIL CLEANUP

3533 50th Street West, Rosamond

The Department of Toxic Substances Control (DTSC) invites your comments on the Draft Removal Action Workplan (draft RAW) for the 3533 50th Street West site, Rosamond, California, 93560.

Between the 1950s and the 1980s, owners of the 19.5 acre site collected a variety of scrap materials at the site. As a result of their activities, soil was contaminated with a variety of chemicals including antimony, cadmium, copper, dioxins, and lead. The draft RAW outlines plans to dig up and truck off about 215 cubic yards of soil having these substances at amounts exceeding levels that are protective of human health.

As required under the California Environmental Quality Act (CEQA), DTSC must evaluate the environmental effects from any proposed cleanup actions. Based on our analysis, DTSC has determined that the cleanup qualifies for an Exemption (referred to as a Notice of Exemption) under CEQA and will not have any possible negative effects on the environment.

The public comment period begins July 24, 2007, and ends August 24, 2007. You may send all comments in writing to Mr. Jeff Gymer, Project Manager, DTSC, 1515 Tollhouse Road, Clovis, California, 93611 or by e-mail to JGymer@dtsc.ca.gov. Comments must be postmarked or delivered by August 24, 2007.
